

### **Remarks**

The present Preliminary Amendment is presented to place the present application in better form for initial examination and to recite that it is a divisional of Serial No. 10/088,469 of March 15, 2002. The Amendment to the fourth paragraph on specification page 5, reflects matter in the application as filed. The 40-70 percent limitation appears in original claim 19. In a like manner, the Eucalyptus oil to orange oil ratio of 2 :1 is supported by original claim 3, while inclusion of the weight ratio of Eucalyptus oil to orange oil as being between 1 : 10 and 10 : 1 is supported by original claim 2. Thus, the present Preliminary Amendment adds no new matter.

Respectfully submitted,
